Operation Breakthrough is one of several philanthropic organizations KCIKC is working with this holiday season

Kansas Counselors, Inc. recently announced its partnership with Operation Breakthrough to help sponsor four families in Kansas City this holiday.

(Newswire.net -- December 2, 2015) Lenexa, KS -- Kansas Counselors, Inc., one of the most respected names in accounts receivable management, announced recently that the company has partnered with Operation Breakthrough for this holiday season. This partnership with the established early-education and social services facility will help four families in the Kansas City Metro area. The company understands the importance of giving back to the community, and this charitable partnership aligns closely with the company's core values. "By joining with Operation Breakthrough, we're able to make a difference in people's lives," says Cameron Karim, the director of operations at KCI. "Our company believes that helping others through tough times is a characteristic that defines our work." To learn more about the company and its range of accounts receivable management services, visit **http://www.yelp.com/biz/kansas-counselors-lenexa-2**.

Since 1960, the firm has been a leader in helping creditor clients and consumers alike to secure outstanding debt. Using a proven method and outstanding customer care, the company stands apart from other debt securing firms by offering comprehensive counseling and financial advice to consumers. By taking the time to work with the people who owe money to creditors, the company has one of the highest closure rates in the industry. A wide range of services is available to clients, including dedicated client liasons, skip-tracing, and cost-free training and education seminars for creditor clients. KCI does everything it can to resolve debt issues quickly, finding solutions that work for both the creditors and the consumers with outstanding financial obligations.

Operation Breakthrough is a nationally-accredited not-for-profit corporation that exists to provide quality childcare for the working poor in Missouri. By partnering with businesses, the organization is able to continue providing care for the chronically underserved populations in the Kansas City Metro area. The group has helped hundreds of families since its inception, and is dedicated to social services in the community. "We're proud to join with this amazing group," says Cameron. "Our contributions help the organization carry on with its core services, and offering our financial support during the holidays is always important to us as a company."
