Financial planning is viewed as a long term process. It should assist you in planning a company's financial future or a family's financial future.

Trust services are yet another kind of service that HR Shaikh offers to its customers. As a steward of considerable wealth there are forces that continuously act to erode that wealth. Taxes are one such concern. Control and Ownership can also become issues that affect your legacy. HR Shaikh works with its clients to manage their wealth. The wealth advisors of HR Shaikh have strong relationships with leading trust, estate and tax practitioners worldwide. They work with the client's attorneys to develop a tax effective ownership structure that prevents the erosion of the client's wealth. They do it for a wide range of assets such as privately held companies, insurance, art and other assets that cannot be liquidated easily. All the issues do not have one solution. So HR Shaikh believes in constant innovation to provide the best and most customized services to its clients.

Trusts play a vital role in wealth transfer strategies. HR Shaikh has the expertise in fiduciary area as they have been a trusted confidante and a corporate trustee. Their core competence lies in expertise in tax compliance and administration. They have the expertise to manage every kind of asset which are not just marketable securities but also closely held business interests.

HR Shaikh are experts in **Royalty trust**. **Royalty trust** is a corporation in the United States and Canada which is involved in oil and gas, production and mining. The unique thing about this trust is that its profits are tax free at the corporate level provided a certain high percentage is distributed to shareholders as dividends. But it is not totally devoid of tax. The dividends thus distributed are taxed as personal income. HR Shaikh acts as the Royalty trust to many companies. It acts as the oil trust to many companies that are into oil production.
