

UK SEO Company has 400% Increase in Turnover

Mary Johnson March 04, 2013

Profitability increase for this SEO firm by using all forms of Internet Marketing and SEO in Birmingham

(Newswire.net -- March 4, 2013) Birmingham, UK -- DotComSecrets Birmingham and owner Brian Parnall, are pleased to announce that the UK SEO Company has seen a turnover rate increase of 400 percent. The company credits its success to a professional team with the experience to get the job done. The ability to find and use insider sources is another way to utilise the advantages of search engine optimisation.

During a recent conversation with an interviewer, owner Brian Parnall stated "Despite the economy, businesses are seeing the worth of the internet to drive sales. January 2013 has been our busiest month for new customers and our turnover has increased by 400% and February looks set to be the same."

Brian also said when interviewed "I love it when clients actually get what the internet is about and what SEO is. We offer the **best SEO in the UK** and I can boast because my team and I very close to what changes Google may make. I also have some extremely knowledgeable friends and colleagues who are very very well known in this industry world wide. We all work together and share our testing results to ensure our clients are provided the best results possible."

The SEO company not only ensures that the SEO optimisation process is done efficiently, but the company consults and tests various ways to increase the Click Through Rate (CTR) and in turn use the client website or one of the lead generation websites to get more leads. The leads can be in the form of someone picking up the telephone, an email, or an email after a prospect has completed a "**CONTACT ME**" form on the site. Then it is down to the client to close this brand new client.

Specifically, the company services include On and Off Page Search Engine Optimisation, social media marketing through various Web2.0 properties, and article writing and submission. Training is available in search engine optimisation, Pay Per Click/adwords training, FaceBook advertising training and social media marketing training.
