**Norms Carpet Cleaning is voted the number one carpet cleaner in the Chicago area.**

(Newswire.net -- May 1, 2013) Chicago, IL-- Mojo Pages rates Norms Carpet Cleaning of Aurora as the number one carpet cleaning company in the Chicago area. The company was rated number one out of ten possible companies listed on the Mojo Pages website.

Consumers rely heavily on website reviews when it comes to picking a company to hire for carpet cleaning. Since the service technician will be working inside of the home, most homeowners feel it's necessary to check on the company background. Websites such as Google, Yahoo, Angie's List and Mojo Pages were created to list reviews from actual clients. The reviews help to give the prospective client an idea of the reputation of the business.

Mojo Pages is known as a word of mouth buyers guide for local businesses. Out of the hundreds of carpet cleaning companies in the Chicago area, only a few actually get reviewed at all. Sometimes disappointed customers make the reviews and other times happy customers that make the reviews. All the reviews are posted. When a visitor searches for reviews about a particular type of service on Mojo Pages, they can read all the reviews available on the site.

Chris Newman, spokesperson for [Norms Carpet Cleaning](#), said, "We want to provide clean carpet and fewer hassles for you. We're so glad the readers on Mojo Pages have rated us so well."

[Norms Carpet Cleaning](#) services the Chicago, Aurora, Elgin, St Charles and Geneva areas of Illinois.
