MLM Marketing Company, Javita

Stan Cherelstein, the founder and CEO of Javita, says that Javita has been in business since 2011 and is headquartered in Boca Raton, Florida. Their mission is, "To change peoples' lives one cup a time."

(Newswire.net -- May 28, 2013) Atlanta, GA -- Javita coffee company has announced benefits packages available to its members. Qualifying Javita **MLM Marketing** Company members can benefit from trips, cash, car lease payments and iPads.

Javita is a network marketing company based upon the selling of coffee for both consumption and for health benefits.

Javita's website says:

"This isn't your average cup o' joe! This is coffee...evolved! An innovative and unique formulation that harnesses the power that coffee already offers—the health benefits, antioxidants, pick-me-up, and of course the flavor—and we have given it an extra "edge."

We've evolved coffee by infusing phytonutrients into a proprietary blend of estate-grown coffee, providing every delicious sip with the added benefits of health and vitality. That's Javita's unique plan to distinguish its coffee from other brand—to not only give you the benefits of coffee, but also the benefits of the natural herbs."

The **MLM Marketing Company**, Javita, espouses several benefits of coffee that make coffee one of most sought-after commodities on earth:

- The only more consumed drink is water
- Over \$120 billion of coffee is sold every year
- \$100 billion are spent on weight loss yearly
- Coffee drinkers all say they will remain coffee drinkers forever
- An average of 3 cups each day are consumed by 56% of North Americans each day – that is 500 millions cups
- Coffee drinkers never forget to drink their daily cups in the mornings, unlike those taking vitamins or weight loss products

To find out how important coffee is to North Americans, go to <https://en.wikipedia.org/wiki/Coffee>

The **MLM marketing** company, Javita, is unique in that it is both consumer based and health based. Javita says that marketers have the benefit of building a huge downline to earn from. Consumers of their product also will benefit from the healthy ingredients.

[Javita's website](#) has the information that network marketers need to become a part of this opportunity.
