([Newswire.net](http://www.newswire.net) -- September 30, 2013) Santa Clarita, CA -- Mark Tipton with AngelDogs Training has received high acclaim as a top dog trainer in Santa Clarita by capturing the Best Pet Trainer award in the 12<sup>th</sup> Annual "Best of" Contest. The contest was sponsored by Santa Clarita Valley's newspaper, The Signal, and sought to identify the "Best of" Santa Clarita's business providers.

Mark is both highly qualified and certified as a dog trainer, obtaining his Animal Behavior College (ABC) certification in May 2009, Raise With Praise certification in June 2010, CPDT-KA in March 2011 and ABC Mentor certification in September 2011. Both Mark and his wife have also been involved in dog rescue since 2001.

The concept for AngelDogs Training began as Mark was approaching retirement from his career in Los Angeles. He decided to look into a second career and moved towards the love of dogs that he and his wife shared. Mark enjoyed working with dogs by providing them with loving leadership, to which they immediately responded. AngelDogs Training offers private, group and family lessons, basic and advanced dog obedience training, house training, off-leash obedience, behavior modification and management, aggression control and management, agility training and more. He has a specialty in training deaf dogs.
