

First TEA Approved Defensive Driving Course Online for Texas ONLY!

Dave Mitchell January 16, 2014

The Texas Education Agency (TEA) has "Approved" our Course at WirelessDefensiveDriving.com as the **ONLY Mobile Defensive Driving Course in Texas!** Our Easy Course can be taken on any Mobile Device, and of course any PC or MAC based on your schedule.

(Newswire.net -- January 16, 2014) Dallas, Texas -- Defensive Driving Opportunities are challenging Drivers every day while in traffic or commuting to work.

WirelessDefensiveDriving.com offers an Online Solution that allows you to freely access your Chapters based on your schedule. No More attending an 8 hour long classroom.

WDD has equipped the staff members with GoPro Cameras to record the Good and Not So Good Habits Drivers have to face everyday while on the road. We see driving mistakes being made time and time again, to understand this better, we recorded actual people driving to give the Staff Members the opportunity to highlight the driving habits of the drivers around them, and to show why Defensive Driving Skills and Attitude are so important. "More important than being Right is to Stay Alive" says Kyle Collins, Founder of WirelessDefensiveDriving.com and Defensive Driving Pioneer.

Being able to observe and plan for the worse while behind the wheel is a never ending task. As the visitors can see from our videos, no driver is identifiable and no one identity is exposed. The defensive driving course, videos, and podcasts are designed for ease of use on Mobile Devices but can also be taken on a standard Laptop/PC/Mac like any other online defensive driving course.
