**AMG Services Carpet Cleaning for homes and businesses opens for business in the Greater Philadelphia region.**

([Newswire.net](http://www.newswire.net) -- January 28, 2014) Trenton, New Jersey --

AMG services is pleased to announce the opening of it's carpet cleaning service in the greater Philadelphia area. AMG will provide carpet cleaning services for families and offices all over Philadelphia.

"We have state of the art carpet cleaning technology and a large, wonderful, well-trained staff," says AMG services publicity coordinator Chris Rogers. "We are equipped to serve hundreds of clients, and have already begun to work with several larger business in the area."

AMG offers high quality services and has invested in the best cleaning technology available. They offer residential and commercial carpet cleaning, rug cleaning, furniture cleaning, and smoke deodorizing. AMG Services offers several different lines of cleaning products that families can trust. They have also invested in a green line of cleaning products for eco-friendly clients.

"We saw a need for more natural carpet cleaning services in the area," Rogers comments. "Many traditional cleaning services use products that have strong chemicals and we've learned those chemicals are not necessary for clean carpets. These products are kid and pet friendly and clean better than anything services have used in the past."

AMG Services strives to work for the customer and meet their every need. Aside from an enormous cleaning staff, they have a customer service staff trained to deliver fast and friendly problem solving.

"Our customer service associates attended a week long training seminar last month," Rogers said. "We are striving to be a family friendly top notch company."

AMG Carpet Cleaning is competitively priced, and one of very few in the Philadelphia area offering advanced technology in carpet cleaning and steaming at this time.

AMG Services opened this past Monday and can be booked by contacting their office, or setting up an appointment online at the AMG Services website. Prices are determined on a case-by-case basis.
