

Cabinet Magic Introduces Custom Countertop Designs

RL Imre March 20, 2014

Cabinet Magic

Cabinet Magic announces custom kitchen cabinet and countertop design as well as bathroom renovation from Ventura to South Orange County. Cabinet Magic offers free in-home estimates, excellent quality cabinetry work, and professional installation.

([Newswire.net](http://www.newswire.net) -- March 20, 2014) La Habra, California -- Just as the kitchen is not just a room for preparing food, its cabinets and countertops are not just containers for storing it.

A kitchen's countertops create a place for sipping coffee while reading the morning paper, the makeshift science lab for a school project, or the perfect spot for frosting birthday cakes. Its cabinets hold many a grandmother's recipe, many a young bride's wedding china, many a baby's first sippy cup. A household's kitchen countertops and cabinets tell its unique family history, and Cabinet Magic now offers custom kitchen cabinets in Los Angeles at www.cabinetmagic.com/custom_cabinets to ensure a household's cabinets are as unique as the household itself.

Specializing in quartz, Corian, laminate, wood, and granite countertops in Orange County at www.cabinetmagic.com/countertops, Cabinet Magic provides the highest quality cabinetry work, professional installation, and now, custom design. Free in-home estimates guarantee that customers begin their kitchen remodels with all the information they need to make the best choice for their home, and a 10-year written warranty provides security for the future. Cabinet Magic's wide variety of long-lasting surface materials, door styles, and accessories can be viewed on their website as well as in their local showroom in Orange County.

For Orange County kitchen remodeling at www.cabinetmagic.com/remodeling as well as bathroom cabinetry, Cabinet Magic has everything customers need, from design to installation, start to finish. Because it's not just a surface—it's a story.

About Us: Cabinet Magic, Inc. provides quality residential kitchen cabinets and remodeling services at reasonable prices throughout all of Southern California. Cabinet Magic has been transforming kitchens for quality and value-conscious homeowners since 1989.
