

Wollongong Carpet Cleaning Winter Services

John Stewart April 24, 2014

[Best Carpet Cleaning in Wollongong](#)

SMS Carpet Cleaning Wollongong is now offering a seasonal deep carpet cleaning service for the cold winter months. In winter more people lock up their doors to keep warm, having clean carpet will help you to keep that fresh smell in your home.

([Newswire.net](#) -- April 24, 2014) Wollongong, NSW --

Wollongong carpet cleaning business, SMS Cleaning is offering special seasonal deep carpet cleaning services for the cold winter months to combat any unwanted smells and to keep locals homes hygienic for the winter lock up. Other companies have been known to encourage home owners to have their carpet cleaned professionally in the summer months when the house opened, however SMS owner, Daniel Phelps explains "We know homeowners want to keep warm and close all the window, but the lack of circulation could allow uncleaned carpet to give your home an unpleasant odour."

Winter cleaning from [SMS](#) includes the coverage and services included in an initial whole home deep clean to remove stains and any germs that are not visible to the naked eye. Additional cleaning is then available specific to the needs of each homeowner and house. Other cleaning services that home owners should consider is cleaning of tile and grout, mattress and bedding and any rugs or upholstery. Regular cleans will also reduce bacteria stored in your carpets and upholstery, another important reason to consider regular cleans.

Regular and seasonal deep cleaning services from [SMS Carpet Cleaning](#) have a variety of benefits. First and foremost, professionally cleaned carpet, tiles and grout means families will be able to enjoy the indoors without an unpleasant smell and entertain guests more often. In addition, consistent [carpet cleaning](#) services prevent pollen and other seasonal allergens from accumulating in the home, so homeowners will be breathing easier indoors. The Wollongong area can be known to have various bugs such as mosquitos and fly's invading homes, by keeping your carpet fresh and clean like new, these types of bugs will be less likely to take shelter in your home and pester your family, as seen in this [carpet cleaning article](#).

SMS Cleaning is a licensed, bonded and insured professional [carpet cleaning service in Wollongong](#), New South Wales. The company has been in business for over ten years, and provides cleaning services to residential and commercial buildings six days a week. SMS Cleaning provides specific services like carpet cleaning, tiles and grout clean, mattress and bedding cleans and rugs and upholstery. "We love being able to provide our clients with a home or business that is free, so they can sit back and enjoy their home during the cold winter months" explains Phelps. To speak with Phelps about his seasonal deep cleaning winter service you can contact him on 0401 769 752.
