

# 1-800-Dent-Doc Introduces Scientific Paint Matching

Chris Ormiston, RLI June 18, 2014

1-800-DENT-DOC

**Many individuals spend a great deal of time and money at body shops for small touch-ups and minor issues. 1-800-DENT-DOC is able to scientifically match paint for immediate small touchups that are invisible when completed.**

(Newswire.net -- June 18, 2014) Santa Ana, CA --Cars are consistently subjects to small dings and dents, and sometimes these mishaps scratch or mar the painted surface of the vehicle, resulting in a flaw in the otherwise beautiful appearance of the vehicle. While paintless dent repair, as seen at <http://www.1800dentdoc.com/paintless-dent-repair.htm>, is possible when the paint is not damaged, other techniques are needed when there is a deep scratch or abrasion to the car's surface. 1-800-DENT-DOC not only provides paintless dent removal as seen at <http://www.1800dentdoc.com/paintless-dent-removal.htm> but also scientific paint matching techniques that are guaranteed to produce flawless results.

Matching paint can be difficult, but 1-800-DENT-DOC utilizes the most advanced techniques to give customers the best results. When a client calls for mobile paint repair, a technician arrives at the customer's home, office or other designated location and uses the latest computerized techniques to precisely match the paint color. The technician then performs the paint repair as well as any other services needed such as bumper repair as seen at <http://www.1800dentdoc.com/bumper-repair.htm>.

With the help of 1-800-DENT-DOC, customers can be on their way in almost no time with a perfectly repaired vehicle at a fraction of the cost of body shop repairs.

About 1-800-DENT-DOC: 1-800-DENT-DOC provides mobile paint and body repair with professional results. By performing minor repairs on vehicles for a fraction of the time and cost of most body shops, the company is able to give customers fast and friendly service at almost any location. 1-800-DENT-DOC provides fast and efficient auto body repair with mobile technology to help customers on their way quickly and professionally.
