

Efficient Furnace and VanCity Home Services Announce Partnership

Dwain Berlin July 18, 2014

Gas Fireplace Service

Efficient Furnace announces a new partnership with the heating division of Vancity Home Services Ltd. serving the Greater Vancouver and Fraser Valley areas with furnace cleaning and repair, gas fireplace repair and installation, and duct cleaning services.

([Newswire.net](#) -- July 18, 2014) Vancouver, BC -- The Heating Division of VanCity Home Services has an enviable reputation which is attested to by the high praise of many

customers. With this new partnership, Efficient Furnace and VanCity Home Services are now able to offer full heating services to residents of British Columbia's Lower Mainland, including Metro Vancouver and the Fraser Valley.

24-Hour Emergency Service

Efficient Furnace's first-rate emergency service continues with the addition of Reza Golshane's expert and experienced team at VanCity Home Services. Emergency heating repairs are available throughout the newly expanded territory 24 hours a day, 7 days a week with no overtime charges. Every repair they do is guaranteed and you will be given an estimate before repairs are underway but after any emergencies, such as a gas leak, are first dealt with.

Comprehensive Heating Services

The certified Gasfitters and HVAC specialists from VanCity Home Service's heating division can handle any kind of heating job, from installations to routine maintenance and repairs. This includes all types of furnace and gas fireplace repair, water heaters and boiler systems. All of their technicians are licensed and fully insured and their service vehicles are stocked with all the parts and tools needed to complete almost any job in a single visit.

Gas Fireplace Repair

A gas fireplace requires upkeep as often as the hot water tank, furnace or boilers. Think of it as similar to tuning the car up. There are parts that deteriorate and rust if not maintained so upkeep is important for keeping your gas bills as low as possible and extending the life of the unit.

Upgrading Your Furnace

If you have an old furnace you should consider replacing it with a new, high-efficiency one. Modern furnace technology offers significant savings in fuel consumption, improved comfort and a higher resale value for your home should you choose to move. There are many options when it comes to replacing older furnaces, including [government incentives](#), and the friendly professionals at Efficient Furnace and VanCity Home Services are more than willing to help you make the right choice. They carry the top furnace brands such as Carrier, Trane, Rheem and Bryant. Call 604-670-4390 for all your heating needs.

The Best in Duct Cleaning

In addition to general heating services, VanCity Home Service offers the latest in high-pressure, reverse-airflow duct cleaning to ensure the air being circulated throughout your home is not going to compromise your health or that of your family. **Click here for more information:** <http://efficientfurnace.ca/duct-cleaning>
