

Camryn Limo Announces New Waynesboro Limo Service

Bradley Benner July 21, 2014

Camryn Limo in Waynesboro, VA

At the height of the tourist season in Virginia, Camryn Limo is happy to announce updates to the website that provide information about limousine service and tours in the historic Waynesboro, Virginia region.

(Newswire.net -- July 20, 2014) Waynesboro, VA -- Bill Kerr, owner of Camryn Limo, is pleased to announce new services and updates to their website, which highlights the inclusion of limousine tours of historic and scenic Waynesboro as part of its services.

With the influx of tourists in the Shenandoah Valley, Kerr thinks the addition of luxury Waynesboro tours to Camryn Limo's wheelhouse provides a much-needed service that ultimately benefits the local economy. "By providing the means for visitors to tour the historic Waynesboro region without leaving Charlottesville as a home base," he says, "we keep the bulk of the tourist dollars in our own community."

Although bus tours of Waynesboro have been available for years, Camryn Limo's new touring service provides a personal touch that isn't possible in large groups. Now, a single individual or family can reap the benefit of a knowledgeable guide while enjoying undivided attention within the intimate, private setting of a chartered limousine.

These guided [Waynesboro](#) tours also adhere to visitors' schedules without hurriedly darting from one site of interest to another. As Kerr notes, "If one of our clients sees something to pique his interest, our driver can stop to investigate or take a family photo. This is a freedom I think our customers will appreciate and one they don't have in the larger group tours other companies provide."

With a range of limousines to cater to an intimate party of two or a group of up to 12 people, a comfortable ride through the Waynesboro area is assured. Clients can also gain familiarity with the region's rich history and find places of note without fuss, thanks to Camryn Limo's drivers who are well-versed in the local happenings of bygone times.

As always with Camryn Limo's services, drivers strive to provide the safest and most comfortable ride possible. Every limousine comes equipped with a television, CD player with stereo sound, privacy divider, and lighting to set a relaxed mood. Crystal decanters and glasses are also available to enhance the experience.

For more information on these Waynesboro tours, contact Camryn Limo at (434) 990-9070 or visit the website at: <http://camryn-limo.com/Camryn/waynesboro/waynesboro-limo-service>

About Camryn Limo
