**With the days growing warmer and longer, it's clear summer is nearly here. What better way to celebrate the arrival of summer than by enjoying a beautiful outdoor fireplace?**

([Newswire.net](http://www.newswire.net) -- August 8, 2014) Bishop, California -- Creating that perfect ambiance and smell, the outdoor fireplace offers the perfect spot to relax and enjoy the warmth of summer. Cooke Furniture now brings this dream to fruition, selling gorgeous outdoor

fireplaces along with their large supply of fire pits.

David Cooke, utilizing advanced 3D modeling software and laser-cutting technology, creates

elegant and durable outdoor fireplaces and fire pits for homes. No matter how complicated the the design, Cooke offers the option of adding propane or natural gas. The designs come in all shapes and sizes, from modern, sleek-lined stainless steel models to traditional styles with tile, curves, and adornments.

With Cooke, customers get what they pay for. Using only the best materials, including high quality stainless steel, aluminum, and tile, Cooke creates beautiful and durable fire pits and fire pit tables. The fire pit table offers a unique design by hiding the propane tank from view, thus maintain its stylish and contemporary look. The SoCal fire pit table, for example, is made by Cooke in California with precision CNC bending and laser cutting technology for impeccable quality and style. It is perfect for a family gathering on the patio, as it is designed to sit around.
