Henderson Urgent Care Extra

**Urgent Care Extra has grown from a one-clinic alternative to overcrowded hospital emergency rooms to 33 clinics located in 2 states with the opening of its newest Henderson Urgent Care clinic this month.**

(Newswire.net -- August 8, 2014) Mesa, AZ --

Urgent Care Extra is the premier provider of urgent and unplanned medical care in the United States with 33 locations throughout Arizona and Nevada. Its newest Henderson urgent care location opened for patients on August 8, 2014 at 585 College Drive, Suite

C, Henderson, Nevada.

As with all of the Urgent Care Extra clinics, the new location is staffed by caring medical professionals to offer patients a full range of urgent care and non-urgent care services without an appointment. Instead of waiting for hours in crowded hospital emergency rooms, patients with broken bones, abdominal pain, back pain, lacerations, or other illness and injuries requiring immediate attention receive it at an Urgent Care Extra walk in clinics near Henderson or at any of their other locations.

Non-urgent services offered at all Urgent Care Extra locations is extensive and includes student physicals, doctor-supervised prescription weight loss programs, annual wellness checkups and as well as treatment of cold and flu symptoms. As with all [services](#) provided at the clinics, walk-ins are welcome without an appointment from 8 a.m. until 9 p.m. daily.

Drs. Jeff Sawyer and Doug Hobbs are board certified in emergency medicine and founded Urgent Care Extra ten years ago to improve upon the way urgent medical was delivered in hospital emergency rooms. Speaking for himself and his partner, [Dr. Sawyer](#) said: "Patients should not have to wait in crowded emergency rooms to receive urgent care. Our patients receive prompt and attentive care and treatment from a medical staff that takes the time to get to know them and their needs."

The services at the new walk in clinic Henderson residents have been waiting for will not disappoint them. Patients will find the same comprehensive medical services and personal attention available at all Urgent Care Extra clinics. ## About Urgent Care Extra

Since opening its first clinic ten years ago, Urgent Care Extra has become the alternative to the long waits and impersonal doctor-patient relationships of the traditional hospital emergency rooms. The no-appointment necessary concept of offering urgent and non-urgent medical care in a pleasant atmosphere caught on with the public. What began as one clinic providing urgent medical care to see if people were ready for change has now grown to 33 clinics in two states.
