Tart Cherry Juice Wonders Revealed

Elite Gold Solutions urges health buffs to try **Ultimate Antioxidant Organic Tart Cherry** as it helps improve sleep, relieve pain from swelling, boost blood circulation, neutralize harmful oxidants, fight heart disease.

(Newswire.net -- August 14, 2014) Charlotte, NC -- Cherries, whether sweet or tart in kind, are perhaps the cutest topping or filling a cake or any pastry could have. But as further research discovers the health benefits of every fruit, including cherries, it has come to the attention of the medical community that cherries go beyond just a favorite ingredient.

American nutraceutical company Elite Gold Solutions' latest product, **Sleepytime Ultimate Antioxidant**, proves that organic tart cherry juice is more than just delicious; it can actually help people improve their sleep, relieve pain from body inflammation as well as develop good blood circulation and neutralize harmful oxidants in the body.

- Upgrade Sleep, Relieve Pain or Your Purchase is On Us!*
- Replace habit-forming prescription medication with this triple-threat sleep aid and pain reliever!
- The **ULTIMATE ANTIOXIDANT**, tart cherry was featured to **REDUCE PAIN, FIGHT HEART DISEASE**, and **PROMOTE SLEEP**
- (TV Doctor, Daytime Emmy Award Winning Host)*

The all-natural **Sleepytime Organic Tart Cherry Juice** contains Melatonin, a hormone made by the body's pineal gland that helps control a person's sleep and wake cycles. In an article published on the Huffington Post, Naturopathic doctor Natasha Turner shared that in a study where participants drank 30ml of cherry juice 30 minutes after waking and 30 minutes before their evening meal they observed that participants had boosted their exogenous melatonin intake, which means better sleep.

Elite Gold Solutions' product has also been featured in studies and can reduce the risk of getting gout. A recent study found that patients with gout who consumed organic tart cherry juice in two days showed a significantly lower risk of gout attacks compared to its counterpart fruits.

Sleepytime Organic Tart Cherry benefits also include research among a myriad of cases showing how it can improve the body's blood circulation, lower cholesterol, battle belly fat, combat post-workout soreness, reduce the risk of stroke and help fight heart disease.
