

The Whole Body Vibe Studio Announces Its New Huntington Beach Office

David Mocerì August 22, 2014

Now at a new Huntington Beach location, the holistic health center known as the Whole Body Vibe Studio will be bringing its program to an even larger community.

([Newswire.net](#) -- August 22, 2014) Huntington Beach, CA -- The [Whole Body Vibe Studio](#) has long been a successful Southern California [holistic health](#) center. Now, they are taking the next step in their journey by relocating to a new office in the city of Huntington Beach.

This move puts the company in a prime location from which to meet clients' health needs.

The Whole Body Vibe Studio focuses on juice therapy, a treatment of its own creation. Here, the cleansing benefits of organic juice fasting are supplemented by nutrition education and staff support. The studio even has a "detoxification buddy" system that has clients help each other as they undergo the therapy.

As a result, says founder [Kimba Fonte-Tule](#), juice therapy can offer a complete package of detoxification, weight loss, and improved health.

This holistic health center is equipped to offer other services as well, such as [live and dried blood microscopy](#), whole body vibration, colonic hydrotherapy, and infrared sauna sessions. These work to amplify the benefits of juice therapy. Providing such a wide range lets the studio address health issues for a wide range of clients.

In its original Seal Beach location, the Whole Body Vibe Studio created homeless outreach programs. The company intends to continue these efforts in Huntington Beach, and looks forward to becoming a more integrated part of the community.

The new Huntington Beach location also allows for expansion. The Whole Body Vibe Studio is already planning on adding an organic juice bar to the existing holistic health center. With this, the company is well-positioned for a promising future.
