Professional Carpet Cleaning

Environment Friendly Carpet Cleaning, Faster Drying Time and Long Lasting Cleaning. Carpet Cleaning can turn out to be an extremely gruesome and time taking task especially if it is soiled and hasn't been cleaned for a long time.

([Newswire.net](#) -- September 4, 2014) Centerville, Utah --

Carpet Cleaning can turn out to be an extremely gruesome and time taking task especially if it is soiled and hasn't been cleaned for a long time. It is always better to trust the experts rather than spend valuable weekends on cleaning and maintenance. Mr. Chem-Dry is one such company that offers a whole range of cleaning services such as furniture cleaning, tile cleaning, carpet cleaning Utah and many other services. The company uses an innovative process wherein CO2 and an environment friendly, non-toxic cleaning solution are combined for the purpose of cleaning the carpets. This solution quickly penetrates through the carpet fibers, dissolves the grease/ dirt/ stains and extracts everything to the surface.

No soap or harsh chemicals are used during the process and hence there is no sticky residue left on the carpets thereby minimizing the chances of attracting the dirt or grim very soon. The carpet cleaning experts here use the hot water extraction technique along with the patented cleaning processes. The process is safe, non-toxic; cleanliness lasts longer; no sticky residue and above all removes dirt and grease from the core. The company also specializes in [rug cleaning](#). Based upon the customer's requirement they can clean the rugs on-site or in their in-house rug cleaning plant.

Expensive woven rugs are carefully handled, inspected, dusted, vacuumed, shampooed, bathed, extracted, groomed and finished with finest perfection. Customers can be assured of the most pampered cleaning of their rugs here. The team also specializes in upholstery and furniture cleaning as well as tile cleaning. Being a Green Certified cleaning company, the company uses products that meet the standards of the Green Certified Program. Customers can avail the Green Cleaning Services from Mr. Chem-Dry for the most eco-friendly [carpet cleaning](#), Utah services. The company uses only carbonated mineral water to clean the carpets which means that it is the safest means of cleaning.
