

Vivant Organics Penetrate Beauty Industry With 100% Pure Shea Butter

M Marketing March 11, 2015

Vivant Organics Pure Shea Butter

The Shea Butter by Vivant Organics launched on Amazon is one of the latest top quality skin care products to make a mark in the beauty industry. This is an all-natural product that takes care of multiple skin problems while leaving the skin radiant.

([Newswire.net](#) -- March 11, 2015) Beaverton, OR -- A beauty product free of parabens and other toxic chemicals is hard to find in today's reality. As technology advances, many manufacturers use lab formulated ingredients in their beauty products. Sometimes these are not best for the skin. Many of these product warnings mention that after a time, due to the harshness of the chemical ingredients, they can cause other issues.

The [Shea Butter by Vivant Organics](#), launched exclusively on Amazon, includes only natural ingredients directly from the shea nut. According to Vivant Organics, this product is sourced directly from West Africa where the Karite tree, the source of the shea nut, grows abundantly. The pure, unrefined shea butter is rich in nutrients that help to treat, heal and cure skin conditions.

People use beauty products for various reasons including restoring and replenishing the skin. [This 16oz tub of pure shea butter by Vivant Organics provides moisture and leaves the skin looking radiant](#), young and even-toned skin. Unlike popular beauty products on the market, this pure shea butter can be used to achieve the best results without risks of harmful side effects on a daily basis.

A user of the product shared on Amazon, "After trying several different brands, this shea butter by Vivant Organics has got to be the best I have used as of yet. All the vitamins and natural properties of the shea butter are intact. I feel when I use it that I am using a fresh, all natural product that also does not clog my pores."

About Vivant Organics
