Ready for Spring Cleaning? ElenaAndNoeCleaning.com in Newport Beach is offering a \$67 Spring Cleaning Special Deal\* (\*Terms apply)

Its been a long winter, right? Are you ready to get your house sparkling for spring?

ElenaAndNoeCleaning.com in Newport Beach, California provides cleaning services in Orange County, CA and has announced a \$67 Spring Cleaning Special Deal.\*

"Our normal business is to do a "deep cleaning" the first time we service a new account," says Elena Antonio, owner and manager at ElenaAndNoeCleaning.com. "Sometimes customers don't really realize how badly their home needs a deep cleaning, so they are looking for a cheap deal when what they really need is a deep cleaning and of course an in depth deep cleaning service will normally cost more than just a weekly cleaning service costs once we get things sparkling," explains Elena.

"To help our customers get that deep cleaning done, for a reduced cost, we decided to offer our Spring Cleaning Special Deal where we do an initial service call followed up one week later by another service call for a regular cleaning but charge a Package Deal type pricing for both service calls," says Elena. "Our Spring Cleaning Special Deal applies to the standard 3 bedroom, 2 bath home in normal condition, but many of our clients in Newport Beach have homes with 5 or more bedrooms and more bathrooms so it is pretty normal to start with our 3 bedroom/ 2 bathroom pricing structure and just negotiate a fair charge for the extra rooms or if the home is dirtier than average."

With over 15 years of cleaning experience in Newport Beach and Orange County, ElenaAndNoeCleaning.com knows how to make your home sparkle!

Many of our happy clients have enjoyed our services for years and years and some even trust us with their housekey to provide services when they are out of town.

Please be advised that due to our high standards and excellent service history our services are in great demand and at times we are unable to answer each and every phone call right away. We make it our business practice to return phone call inquires within 24 hours to discuss your service requirements and get the address for your service location and agree upon a Date and Time for conducting our inspection, giving you a free estimate and performing the service.
