Broad Tip Chalk Markers

**Reviews and giveaways blog, The Simple Moms, have announced a simple giveaway of an eight pack of Fun Chalk Liquid Chalk Markers by July 1st.**

([Newswire.net](#) -- June 25, 2015) Caledon, Caledon -- The blog contributor, Kelly, announced the giveaway while doing a review of the broad tip chalk markers which were used at her daughter's first birthday celebration.

According to The Simple Moms, items to be utilized with chalk boards are very common nowadays. They can be found in craft stores, hardware stores and all over the social media site Pinterest. However, The Simple Moms found that if regular chalk was used for a craft project it would not turn out well. The solution, according to The Simple Moms, was to use [broad tip chalk markers by Gold Star Selections](#).

Ordinary chalk produces dull and unimaginative art work and can get messy. Using broad tip chalk markers, on the other hand, can help to unleash bold, clear, creative and colorful inscriptions and drawings that do not drip, smudge or fade easily.

The Simple Moms' blog contributor Kelly wrote about using the broad tip chalk markers for do-it-yourself birthday decorations when her daughter turned one year old. The broad tip chalk markers were used to write various bits of information on her daughter, Olivia, including her weight, height, the things she loved and can do at one year old. Blogger Kelly confessed that she could never have written so neatly with regular chalk. She also used the broad tip chalk markers to create food labels and wrote Happy Birthday on a chalkboard cake stand.

According to The Simple Moms, Fun Chalk Liquid Chalk Markers feature a unique 6mm reversible tip that allow users to have both broad tip chalk markers and a fine tip. The eight fluorescent color markers ensure that users never run out of options for their projects. Cleaning-up after use can be very easy time saving as this can be done with a wet cloth. All the user has to do is simply wipe smoothly and erase.

The [broad tip chalk markers are eco-friendly](#) and conform to all the guidelines of the European Standard for Toy Safety Testing. They are non-toxic, xylene-free, odor-free and dust-free. According to The Simple Moms, these benefits make the product a great choice for those who suffer from allergies or asthma.

Although the broad tip chalk markers are made from liquid ink they are said to quick-drying and long-lasting, and leave a chalky finish. According to The Simple Moms, the broad tip chalk markers are suitable for using on non-porous blackboards, windows, mirrors and plastic. Apart from do-it-yourself projects like that done for Kelly's daughter, Olivia, birthday celebrations, the broad tip chalk markers can be used in brainstorming sessions, for promotional events, and school art and craft projects.

## About Gold Star Selections

Gold Star Selections was started in the spring of 2014. Husband and wife team, Tom and Kathy Kiroplis are very excited with their new company. Company is dedicated to providing consumers with top quality products, that are affordable and safe to use. Top priority is customer service. Making our customers happy makes us happy. First product launched was Fun Chalk liquid chalk markers. Interested in helping people of all ages and in all fields, exercise their imaginations through the use of art. Our philosophy is that our products should be inspirational and assist in making our customers lives better. Company will be selling all its products on Amazon . Can find many useful ideas of how to use these chalk markers on their Facebook Page, and Pinterest. Consumers who "like" our Facebook page will be given coupons to use on their purchases.
