([Newswire.net](#) -- May 12, 2016) Beverly Hills, California -- The luxury real estate experts at Sally Forster Jones Group in Beverly Hills, California recently listed a spacious architectural

home and accompanying video showcasing its stunning interiors and sumptuous outdoor spaces. The home, located at 4533 Estrondo Drive in Encino, offers homebuyers six bedrooms and nine bathrooms with approximately 9,200 square feet of living area. The exterior of the property boasts a guest house, limestone patios, an infinity pool and spa with spectacular waterfall, and multiple roof decks for stylish entertaining. The home is gated and boasts a 3-car garage, circular driveway, and exquisite landscaping. Step inside and you are met with soaring ceilings, remarkable architectural detailing, huge volume and walls of glass that maximize the home's natural light and are perfectly conducive to the Southern California lifestyle. "This special estate is breathtaking inside and out," says Sally Forster Jones, CEO of the Beverly Hills-based firm. "There are so many special features and finishes, making this home truly one-of-a-kind." Over the past 10 years, Sally and her team of real estate experts have dominated the luxury home market in Southern California. The firm's expertise extends to their knowledge of the diverse neighborhoods in the Los Angeles metropolitan area, making them an ideal choice for clients seeking upscale real estate investments or stunning residences across Los Angeles. Sally's prowess in the luxury real estate market is undisputed; she co-brokered the sale of Spelling Manor in 2011, which at the time stood as the most expensive real estate listing in the world at \$150 million and in 2014 she represented the buyer in the most expensive sale in Beverly Hills history- 1181 Hillcrest which sold for \$70 million. Over the past two years, her team was responsible for approximately \$600 million in total sales. SFJ Group and their stunning selection of residences for sale are sure to set records in 2016 as well.
