

# Automotive Equipment Specialists Launches Website

Tyler Collins June 23, 2016

**Automotive Equipment Specialists, a company that specializes in automotive tools and equipment, has launched their new website.**

([Newswire.net](#) -- June 23, 2016) Burbank, California -- Automotive Equipment Specialists has recently launched their website. The website is extremely easy to navigate so all levels of internet users can explore effortlessly. The navigation bar is easy to read and leads users to

different pages that provide specific product details as well as information on the company, their services and policies. Furthermore, the website allows users to view products by category as well as by brand, helping them find the specific product they want more quickly. The website homepage is clutter free, leaving out needless lengthy featured product descriptions.

The company was founded by Mario Sorrentino, an industry specialist with over 20 years of experience in selling and dealing automotive equipment. During his 20 years in the field, he has established great relationships with major manufacturers in the automotive equipment industry, such as Bendpak/Ranger. He uses all the knowledge and skills he gained in the past 20 years to maintain the company's high level of service.

Not only is the company committed to providing magnificent deals, it is also committed to giving excellent customer service. They are Bizrate customer certified with a 9.5 out of 10 overall satisfaction rating. A recent review reads, "Mario, All items have been received, and thank you for the quick shipment. Your communication has been very impressive, as are the products. Being a professional automotive technician, I deal with vendors and tool companies regularly, and I have to admit that most only give mediocre service at best. Looks like you have set the bar higher and gained one more long term customer. Thanks again."

[Automotive Equipment Specialists](#) offers a fast turnaround time to its customers. In fact, it is among the fastest in the industry. Since all their items are drop-shipped direct from manufacturers, orders are usually shipped in just 1 to 3 days, proving their commitment to outstanding service.

Automotive Equipment Specialists has a wide selection of products which include auto lifts, car lifts, two post lifts, four post lifts, exhaust benders, air compressors, diagnostic equipment, low rise lifts, mid rise lifts, full rise lifts, quick jack lifts, parking lifts, air conditioners, air hoses, lubrication equipment, motorcycle equipment, tire changers, wheel balancers, transmission equipment and tool boxes from numerous manufacturers all over the United States.

The brands they carry include Ammco, Autel, ATD, BelAire, Bendpak/Ranger, Bosch, CEMB USA, Branick Industries Inc., Coats, CPS Products, Dannmar Equipment, JohnDow Industries, LAUNCH, Ingersoll Rand (IRC), Lincoln Electric, OTC, Ranger, Mastercool Inc., Robinair, Redline, W.Y. International and Tux Equipment.

Apart from the website, their products can also be found on Ebay and Connexity. They accept PayPal payments and even offer PayPal financing. The application process for financing is very simple and can be done right on their website.
