Washington business owners, and entrepreneurs wanting to take their business to the next level in 2011 are invited to attend an informational free meeting with Berny Dohrmann Founder of CEO Space on Wednesday, Nov 17, 2010 at 7:00 p.m. at the Coco Cabana restaurant in Hyattsville, Maryland.

If 'Super Teaching', 'Immersion', 'Active Processing', and 'Relaxed Learning' are not part of your regular vocabulary when it comes to business growth, then you will be left behind, learning antiquated strategies that are ineffective in the rapidly changing business environment. Furthermore, if competition is your biggest concern during these economically difficult times – you are focusing on the wrong things. Collaboration, cooperation and mentorship will take you where you want to go, and **Berny Dohrmann** and CEO Space can be that vehicle for you.

CEO Space Inc. is a 'high performance business training organization' that offers training from leading trainers – like **Bob Proctor**, **Lisa Nichols** and **Mark Victor Hansen** – and represents the new model for business development. **Berny Dohrmann**, Chairman of **CEO Space Inc.**, is committed to providing unsurpassable growth opportunities via training and networking at his CEO Space Forums. "As chairman of CEO Space, what I wanted for my community was to get the highest paid trainers on earth to reveal their secrets to the business community in a forum that fosters business and entrepreneurial growth."

The trainers teach business lessons in a collaborative and cooperative manner and according to Bob Proctor, one of the biggest opportunities you have by attending a CEO Space event is making connections. In this economy – that is exactly what businesses need most. Business owners wanting to learn at a faster rate, absorb more and implement what they have learned easily will appreciate CEO Space Forums. "Nowhere in history, with no other speaker, trainer or facilitator – no matter how big they are – no one has ever created an environment like this consistently for 20 years," says author and trainer **Lisa Nichols**, who appeared in the movie *The Secret*.

Using 'Super Teaching' and 'Relaxed Learning' methods, CEO Space makes the environment safe for learning in a non-competitive atmosphere. In a nutshell, life lessons are learned in such a manner that businesses find out that they receive more from giving than taking and that through teaching they are actually learning. CEO Space Forums are limited, leaving many owners and CEO's coveting the memberships.

Super Coach **Berny Dohrmann**, founder CEO Space, Inc. and of [www.ceospace.net](http://www.ceospace.net), is known as a world change agent as well as the "coach of coaches" – advising celebrity thought leaders including **Jack Canfield of Chicken Soup for the Soul**, **Bob Proctor** and **Lisa Nichols stars of The Secret**, **John Gray of Men Are From Mars, Women Are From Venus**, and many other celebrities and adviser coaches. He is also a bestselling author, radio show host and movie writer-producer.
