Plumbing Company Offers Unique Financing

**A local Prescott, AZ plumbing and heating company announces plans to offer a unique "no credit check" financing program, which can be the solution for many customers who would otherwise be unable to afford needed repairs.**

(Newswire.net -- January 30, 2013) Prescott, AZ -- Yavapai Plumbing & Heating recently announced that they will soon be launching a unique service to their customers. Since their business launch,

Yavapai Plumbing & Heating have been providing plumbing and HVAC services to their clients in Northern Arizona. Now, in a bid to better serve their local community, Yavapai Plumbing & Heating has announced plans to offer a unique "no credit check" financing program to customers who are looking to have work carried out, while having the costs spread out over a longer period.

Unfortunately, many disasters and repairs are often expensive, and this often means that customers have to save for weeks, or even months before they can afford to get the repair work done. In addition, most financing programs in the market today are based on FICO scores from the major credit bureaus, and recent surveys have suggested that as many as 70% of Americans are unable to qualify. Now, [Yavapai Plumbing & Heating](#) has hit the nail on the head and is offering consumers the opportunity to get their problems diagnosed, fixed and prevented immediately. Their no credit check financing options will be affordable for nearly all customers, and will have some of the lowest APR and interest rates in the industry. To the best of their knowledge, they are the only [Prescott plumbing](#) company to offer this service.

Commenting, Jeremy Rushton, CEO of Yavapai Plumbing & Heating said, "We have always given our customers our fair price guarantee. We believe that plumbing and HVAC work should come with two fundamentally important factors - quality and affordability. Now, we want to make sure that everybody is able to get the work they need in the new year, without having to worry about the costs of doing so."

For two years running, Yavapai Plumbing & Heating has been voted the best heating and cooling company in the Greater Prescott Valley Area by Market Surveys of America.
