TruckSite Launches New Website To Bring High Quality,

Used Garbage Trucks To Market.

Trucksite.com is an outlet providing a means for business owners and individuals to locate and purchase used garbage trucks, street sweepers or paint strippers with ease and convenience.

Trucksite is located in Sacramento California and is a service where used heavy equipment and specialty trucks are available outside of the boundaries of a local city to companies and agencies worldwide. The new website allows agencies all over the world to select and price a huge variety of dump trucks, street sweepers, paint strippers, fire trucks and many other variations of used specialty vehicles.

The Heavy Equipment Truck Dealer has had [excellent customer feedback](#) so far, that can be viewed at the new website recently launched.

Nick Rampp from Full Spectrum Landscaping in Sequim, WA states "*Thank you for your help with our recent purchase. We are very pleased with the truck and how quickly the transaction was able to take place. I look forward to working with you again.*"

Jose Moore of Moore Clean in Austin, TX says, "*Thank you and your management for your professionalism and honesty. I will remember Truck Site and how well you treated us. I will always consider Truck Site first for all my future purchases. Once again thank you, I am highly impressed.*"

[Trucksite.com](#) is loaded with descriptive photos and information for each truck featured on the site. The web portal is easy to navigate and provides detailed categories for the used garbage trucks, street sweepers, and paint striper trucks featured and provided to the public for purchase.

The Company is able to arrange for delivery and shipping to all 48 contiguous states of the U.S.A. as well as arrange for shipping to Hawaii, Alaska, Mexico and Canada.

Talking about his company and the high customer service Mr. Michael Leschinski was overheard saying, "**Providing value and quality is our guarantee to ensure customer satisfaction and safety. We aim to earn the trust of our national and international customers and to develop business relationships that carry into the future.**"
