

# Best Luxury Bus Charter Service in Maryland, DC and Virginia

Darryl Pugh October 27, 2013

Custom Hand-Made Leather Seats

**In 2008, Pro-Tran Luxury Motorcoaches was voted as one of the top 10 most innovative bus charter companies in the United States. Their custom hand-made leather seats is like riding first class on an airplane. It's a totally unique experience in travel.**

([NewsWire.net](http://NewsWire.net) -- October 17, 2013) Fort Washington, Maryland -- When it comes

to choosing the best charter bus service in the Maryland, DC and Virginia areas, there are a few key things you need to consider.

The number one thing you need to know about a bus charter company is their safety performance history. Next is their safety rating then their U.S. Department of Transportation's Federal Motor Carrier Safety Administration (FMCSA) Operating Authority and Insurance Requirements. [See complete safety checklist here.](#)

Next, you want to be sure that you can take a tour of the bus you'll be renting. Is it clean inside? Do the tires look new or are they showing some wear and tear? Are the seats cloth or leather? Is there enough leg room? Do they have DVD players and color monitors, is Wi-Fi and satellite radio available? Are the drivers friendly and courteous?

The [Pro-Tran Luxury Motor Coach](#) bus charter company located in Fort Washington, Maryland is, by far, the best luxury charter bus service in the metroplaitn area. They receive an A+ rating in meeting all of the above mentioned requirements.

They are one of the few bus companies that offers custom hand-made leather seats. The ride is unbelievably comfortable with plenty of leg room and reclining space.

The pricing is affordable and comparable to their competitors less comfortable cloth seated buses.

They even have their own social networking site for travelers called the [Pro-Tran Travel Club](#). Membership is free and allows members to create their own channel to upload travel videos, photos, audio podcasts and business videos.

"Many of our customers comment that they didn't realize just how uncomfortable other charter bus services were until they'd experienced traveling on a Pro-Tran Luxury Motor Coach", said COO Irving Harris.

"All of our drivers are professional and courteous, bringing many years of experience with impeccable driving and safety records."

In addition to an incredibly comfortable ride, the main thing that sets the Pro-Tran brand apart from other similar charter bus services is their stellar customer service and attention to details.

"We are a Christian based company and our integrity means everything to us. We pride ourselves on providing the best possible service to all our clients", said President and CEO Edythe Harris.

"If we say that we're going to do something a certain way we do it like the customer expects it to be done and they appreciate that from us."

The company recently announced their 2014 Land Cruise tour schedule through their [Pro-Tran Unique Tours and Travel](#) division.

Some of the tours planned are three Canadian tours scheduled for May, June and August; a Louisville, Kentucky tour in June; Cincinnati, Ohio in September; Alaska in July; Myrtle Beach, South Carolina in August and Charleston, South Carolina/ Savannah, Georgia in September.

If you've never been on a land cruise you're in for a real treat. With conveniently timed stops and great overnight accommodations it's the best way to see America without the headaches of driving and other travel stresses.

In my opinion, Pro-Tran Luxury Motorcoaches is the best charter bus company I've experienced to date in the metropolitan area and their Unique Tours and Travel division has one of the most exciting and diverse 2014 tour schedules available.

They even have a special [Washington DC beyond the monuments](#) tour that is a must see for the city's African American historians.

I would highly recommend them to any travel agency, tour company or just an individual taking a one-time trip.

To charter a bus or take a once in a lifetime land cruise adventure you can find more information at the tours division [located at ProTranTours.com](#).
