([Newswire.net](http://Newswire.net) -- April 3, 2014) Scottsdale, Arizona -- Weston, Weber, synthetic golf green pioneer and founder/CEO of Celebrity Greens, today announced that Celebrity Greens will be supplying consulting services to Presidential Pools, one of the largest swimming pool builders in the United States. Headquartered in Scottsdale, AZ, Celebrity Greens is an exclusive design/build firm offering extensive experience and expertise in producing

championship caliber synthetic golf greens and other synthetic surfaces for luxury homes, estates and vacation retreats. Celebrity Greens also provides design/build services for large-scale commercial synthetic turf applications.

Weber pioneered the use of synthetic materials and the construction/installation technology that set the industry standard for synthetic golf greens. He is considered the industry's leading expert with an impressive history of working with more than 70 PGA Tour professionals, elite athletes and avid amateur golfers to perfect their putting surfaces and in designing and building more than 3,000 championship-level synthetic putting greens, artificial turf short courses and other custom applications throughout the world. "Celebrity Greens is pleased to be a consultant to Presidential Pools in providing signature synthetic golf greens, custom recreational synthetic surfaces and large scale artificial grass installations," said Weber. "Presidential Pools is one of the leading pool builders in the United States and has an outstanding reputation for delivering the highest quality and customer satisfaction to its customers."

Presidential Pools CEO Tim Murphy said that the consulting services of Weber and Celebrity Greens will add tremendous value to Presidential Pools in offering premium synthetic golf greens and other artificial grass surfaces. "We are always eager to add value to our product line and Celebrity Greens CEO Weston Weber is without question the leading expert in the synthetic golf green industry and in the design and installation of artificial grass surfaces that have the look and feel of natural grass and blend beautifully with the natural surroundings. We are thrilled to partner with him."
