([Newswire.net](#) -- April 11, 2014) Eagle, ID -- Wouldn't it be great to use a soap that revitalizes your skin while uplifting your senses at the same time?

Using a soap that features a the rich blend of Lemongrass, Tea Tree Oil, Orange Peel and Shea Butter will bring back the natural glow of your skin and leave it incredibly soft and refreshed!

Advantages of Using Lemongrass with Your Skin

There is more to lemongrass then being that odd looking ingredient that looks like a combination of grass and a wooden stick which we usually found in grocery stores.

Its anti-bacterial, anti-microbial, antioxidant and therapeutic properties makes it a useful alternative to provide a remedy for a wide spectrum of ailments. When used in soap [Lemongrass oil](#) helps to prevent acne breakouts, clears up oily skin, treats skin infections and soothes broken or inflamed skin. It increases the body's ability to repair damaged connective tissue such as cartilage, ligaments and tendons.

- Helps improve blood circulation.
- Helps control excessive sweating and treats body odor.
- Aids in eliminating cellulites.
- Treats athlete's foot and nail fungus.
- Cleanses oily skin and help close pores.
- Replenishes skin moisture.
- Acts as a natural insect repellent.
- Calms and relaxes muscles.
- Fungicidal, antimicrobial, anti-inflammatory and antibacterial properties
- Treats external bacterial and other skin related infections.
- It Antimicrobial properties destroys the growth of microorganisms, such as bacteria and fungi.

Lemongrass oil is extracted from the lemongrass plant through a steam distillation process. It has a dark yellow or amber color and features a light fresh lemony citrus fragrance.

The Miracles of Tea Tree Oil

Did you know that the Australian military adds a bottle of Tea Tree oil to every soldier's first aid kit? Being so powerful and versatile, tea tree oils has been called "jack of all trades" and the "miracle oil."

- Disinfects and treats cuts, abrasions, scrapes and open wounds
- Clears up oily, blemished or acne-prone skin
- Relieves burns and blisters
- Kills hair lice and relives dandruff
- Bumps, bruises, boils, and cold sores
- Eczema, dermatitis and psoriasis
- Athletes foot and fungal infections like ring worm
