Xtreme Bright Lights

Xtreme Bright Lights introduces rechargeable LED flashlights that provide dependable illumination time after time without the need for batteries.

([Newswire.net](http://www.newswire.net) -- May 28, 2014) Valrico, Florida --Anyone who has ever needed a flashlight and found the batteries were dead knows how difficult it is to keep battery flashlights working properly. Now, there is no need for anyone to have a dead flashlight battery again with the Xtreme Bright Lights rechargeable LED flashlight. The same company that created the best bike lights as seen at <http://www.xtremebrightlights.com/premium-led-bike-light/> and the standard LED emergency flashlight as seen at <http://www.xtremebrightlights.com/vehicle-escape-tool-led-flashlight/best> now offers a new item: a rechargeable flashlight model that is guaranteed to be ready to use at any time.

This rechargeable flashlight as seen at <http://www.xtremebrightlights.com/rechargeable-led-flashlight/> features a premium LED light that can be recharged through a 12V cigarette lighter. This is the perfect flashlight for cars, boats, trucks and other vehicles. It includes a built-in compass and a recharge indicator light to show when it is ready to use. The water-resistant LED light is super bright and the heavy-duty, military-grade aluminum case is guaranteed to stand up to tough wear and tear.

Every Xtreme Bright Lights product is guaranteed to last and to perform reliably again and again. With the rechargeable flashlight model, users can be ready for any emergency and have bright, reliable light at any time. A rechargeable LED flashlight is a great addition to any emergency roadside kit, boat emergency tool supply or other vehicle's emergency equipment.

About Xtreme Bright Lights: Xtreme Bright Lights offers the very best LED lighting in the industry. With standard and rechargeable flashlights, bike lights and outdoor lights guaranteed to perform and constructed of tough materials, these LED lights are guaranteed to last.
