On Wednesday, August 27, 2014, from 7-8 PM Dr. Gene will welcome all to the Alternative Health Options Open House. So mark your calendars!

The special topic of discussion is **VOCAL**- the amazing technology that uncovers, identifies and helps us dissolve blocks to joy, abundance and self-worth that we may or may not be aware lurk deep within us.

There will be a live demonstration of VOCAL. According to Dr. Gene, the benefits of VOCAL are numerous:

- Strengthen and deepen our relationships
- Help our jobs or careers

- Give us a better relationship with money
- Reduce our fears and anxieties

Vocal is therapy. If you can talk into a microphone, you can benefit from this cutting-edge technology.

Meet Dr. Hummel and Allison at this exciting evening and bring a friend!

"This is like 20 years of psychotherapy reduced to a few hours!" Dr. Deborah A. Drake, M.D.
