Data Loss and Recovery Solutions in Birmingham, UK

R3 Data Recovery September 03, 2014

Data recovery services Birmingham

As one of Birmingham's premier data recovery companies, R3 Data Recovery understands how distressing it can be to have your storage device break and for you to lose access to potentially years of work or personal photos and documents.

(Newswire.net -- September 2, 2014) Birmingham, United Kingdom -- The new site at www.birmingham-datarecovery.co.uk lays out the services that R3 offers to customers who suffered any kind of data loss in the Birmingham area. The R3 Data Recovery team has years of experience in recovering data from computer hard drives, memory sticks, RAID arrays, servers, NAS and SAN. In most cases they will be able to get your data back and do so in a timely and cost effective fashion.

Commenting on the launch of the new web site, the spokesperson for R3 Data Recovery said, "We're all delighted to see the new web site up and running. We put a lot of work into ensuring that the site is easy to navigate, allowing you to get in touch as quickly as possible if the worst happens."

If you are in Birmingham and suffer data loss caused by a malfunctioning or corrupted hard drive or other storage device then give them a call and let them take care of your damaged or deleted files. Data Recovery Birmingham can be contacted for a free consultation on **0121 401 1282** (for landlines) or **0333 123 3282** (for mobile calls). Their phones are manned by a courteous member of staff from 7am right up until midnight.

R3 can pick up your device on the same day if you contact them before 11:30 am during the week. If you call the company's emergency number on **079 3282 4264** then they will come out to pick up your device at any time of the day or night, any day of the year. They can also supply a CRB certificated driver to pick up sensitive data for additional fee.

R3 Data Recovery's team of technicians have over thirty years of combined experience with over 20,000 successful recoveries where many of the data had been declared unrecoverable. They use well proven techniques to recover data and keep on top of all the latest technological developments. The company's work is carried out in rooms that have been ISO certified for cleanliness and round the clock on site security is employed to keep your data safe.

Birmingham-datarecovery.co.uk offers a range of service levels to suit various budgets. These run from Emergency, where they will recover your data in 24 to 48 hours, to Budget, where the work will be done in 10 to 14 days. In between, they offer Priority and Standard data restoration services with 3-4 day and 5-7 day turnarounds respectively.

Whether you've experienced data loss, or simply feel your storage medium might not be operating at peak efficiency, contact them on **0121 401 1282** for a free consultation.
