**Premium Leather Cleaner and Conditioner by Vital Brandz is a two-in-one leather cleaner that cleans and conditions at the same time.**

([Newsire.net](#) -- November 25th, 2014) Dublin, VA -- Premium Leather Cleaner and Conditioner by Vital Brandz is a two-in-one leather cleaner that cleans and conditions at the same time.

Every time leather is used, in order to maintain the natural gloss of the material, it is essential to clean and condition. Vital Brandz has made it easy to take care of both processes with one special proprietary formula; Premium Leather Cleaner and Conditioner.

The 8 ounce bottled formula is suitable for all types of leather, except nubuck leather and suede. In addition, it is suitable for use on vinyl. This special formula is said to clean and replenish leather to its natural sheen and suppleness. Acting as a deep cleaner, Premium Leather Cleaner and Conditioner functionally removes ink stains and dirt that usually damage the fibers of the leather.

[Premium Leather Conditioner by Vital Brandz](#) can be used to restore and clean delicate, exotic and reptile leathers used to make furniture, boots, saddles, handbags, car seats, jackets, belts and more. It is said to leave a clean finish without any oily or sticky residue – making it perfectly safe for use on car interiors and sofas especially.

The two stage process of first cleaning then conditioning leather for restoring and replenishing is eliminated with this special formula created by Vital Brandz. Bottled with 8 ounces of special proprietary formula, Premium Leather Conditioner gives consumers the opportunity to cut back on the money they would spend to buy two products to do the same job.

According to one customer, D. Fowler, upon applying the formula to an old, worn pair of leather shoes, “a considerable amount of dirt was removed at the same time. I did not have to clean the shoes prior to polishing because this formula managed to do it for me.”

In comparison to similar products, customers find that Premium Leather Cleaner and Conditioner gives a better result. Comdet, who confesses to have been using the Griot's Garage leather cleaner to clean his leather car seats for a number of years before trying this formula by Vital Brandz had this to say; “Although it's about the same price as the Griot's brand, in comparison with "common brand" leather cleaners (such as Mothers and other similar brands) it is a bit pricey. But since just a little of this goes a long way, plus the fact that it works so well, I would consider it to be a good value.”

Vital Brandz is offering all new customers **\$3.00 OFF their first order** of Leather Conditioner on Amazon.com with coupon code: BMAJ4TLR - visit the link below to redeem.
