

Dollar Hobbyz Announces Rewards Program

Chris Ormiston December 15, 2014

Dollar Hobbyz

Dollary Hobbyz, a remote control vehicle company, is now offering customers additional savings through DH Buckz Reward Points Program and DH Referral Rewardz.

(Newswire.net -- December 15, 2014) --Dollar Hobbyz, an innovative remote control vehicle business based in Minnesota, already offers up to 95% off of typical retail prices, and now, the company is offering new savings options through a reward and referral program. Throughout the holiday season, and the rest of the year as well, Dollar Hobbyz works hard to provide customers with the best in quality service and savings.

Dollar Hobbyz makes it easy to save by allowing customers to register with the rewards account online at the [Dollar Hobbyz website](http://DollarHobbyz.com), where they can start earning points towards future purchases. The savings quickly add up, since every dollar spent at Dollar Hobbyz earns registered members three rewards points. When customers accumulate a reward balance of five hundred points, they are redeemable for five dollars in DH Buckz. These DH Buckz can be applied to any purchases in the Dollar Hobbyz warehouse. Points are redeemable in five hundred point intervals with customers having up to sixty days to redeem the DH Buckz reward earnings. Keeping track of points earned is only a click away on the Dollar Hobbyz website. Registered participants in the rewards program can simply log on, and select the tab labeled "DH Buckz", then "My Account" to view updated account balances.

The [DH Referral Rewardz program](#) is yet another way to save. The professional team at Dollar Hobbyz understands the value of recommendations made by satisfied customers. To honor the improved business generated by their satisfied customer base, Dollar Hobbyz created a new referral rewards program. The referral rewards system is based on those who send online referrals to family and friends, which result in an account being opened. When an account that has been referred is opened then the current customer will earn credit for that referral.

Additional savings come into play when newly referred account holders make purchases. The referring customers earn additional credits and rewards when these new customers make additional purchases. The initial sign up of referred customers earns a ten dollar credit to be redeemed with any Dollar Hobbyz product purchased. The referral and rewards programs are two great ways to earn points and save money on the high quality products that Dollar Hobbyz customers are already passionate about. For more information on the new rewards and referrals program visit the website today at <http://www.dollarhobbyz.com/>.
