(Newswire.net -- February 20, 2015) Huntington Beach, CA -- Winter is upon us and with February beginning in less than a week, many people around the United States are bracing for the rest of this long, cold winter season. During times such as this, warm afternoons on the beach or at the pool can seem like an eternity away. Fortunately for water sports aficionados around the country, Huntington Surf and Sport helps alleviate some of the winter drab by offering 20 percent off select kids beanies and scarves.

Many would agree it is cold enough outside during the thick of winter to keep even some of the most outdoor oriented people indoors, but kids can be another story entirely. Many kids do not want to admit how cold it is outside and would probably run out with nothing but a t-shirt and shorts in 20 degree weather without thinking twice about it. Luckily, HSS is making it easy to keep them warm with 20 percent off select kids scarves and beanies as seen at <http://www.hsssurf.com/shop/sale/20-off-32.html>. Let your kids enjoy the winter weather in proper comfort and style with these fashionable (and warm) styles.
