(Newswire.net -- March 5, 2015) -- In the vein of his wildly popular legal thriller series, Author Kenneth Eade delivers another solid and intricately plotted tale. 'HOA Wire' is a traditional mystery crime thriller that keeps the reader guessing until the very end. Like all of Eade's novels, however, it is wrapped around an important social issue. The issue tackled by 'HOA Wire' is the interference of homeowners associations with the individual rights of property owners.

'HOA Wire' has been acclaimed by critics. Top Books Worth Reading said, "Crime, betrayal, thought-provoking questions related to ethics and morality – this novel has everything it needs to become a must-read for any lover of true crime literature."

I Publisher News said, "HOA Wire is much more than a suspenseful, fast-paced crime novel; it is a courtroom drama that will remind readers of pulp thrillers and will keep them glued to the pages. Eade is brilliant when it comes to creating complicated, intriguing stories that end in mind-blowing surprises, and some have said that his novels will remind readers of John Grisham, proving that Kenneth Eade deserves to be on the same lists with the world's greatest thriller authors."

"I have been compared to John Grisham, because he likes to wrap a story around important issues, But we're really different because if I don't have an important issue to talk about, there is no story," says Eade. "All of my novels focus on an important social issue. With 'An Involuntary Spy,' it was genetically engineered foods. With 'Predatory Kill,' the banking crisis, and with 'A Patriot's Act,' the violation of our civil liberties by the government. This book is a little lighter, in that it is more of a traditional courtroom drama, but it tackles the issue of the overreaching of homeowners associations, which is becoming a real problem"
