It's all you need to know to begin buying silver and gold bullion the very day you read the book. Over 10 years of investing experience boiled down to 11 quick, easy to read chapters on the secrets to becoming a smart gold and [silver saver](#).

Bill Zielinski, editor of the very popular Gold and Silver investing blog located at www.goldandsilverblog.com says "Stack Silver Get Gold will become "the bible" for both first time and long time precious metals investors" and judging by the book's sales on Amazon, it looks like he's right. With the growing popularity of silver and gold investing, sales of the investing book are expected to soar even further.

At a members only club in Chicago on the 80th floor of one of the city's tallest skyscrapers, Hunter slowly sips a Guinness and pulls out 10 ounce gold bullion bar that glistens over the sun setting on the cityscape below, "Listen, knowing how to buy gold and silver and actually buying it before the rest of the world understands that their money is really only paper and subject to the confidence in the government who issues it is going to make you incredibly rich one day". When is that day? He says the point of his book is to show you how to buy gold and silver at the lowest prices and from the most reliable sources as possible. He's not so sure about when the price of gold or silver will take off although governments are certainly speeding the process up. "5 years, ten years. I don't care when the party starts. It gives me more time to buy up gold and silver at low prices". As Hunter finishes off the last sip of Guinness, he looks out on the city of big shoulders and says "But if you want to dance you've got to pay the band before the party starts."
