Dr. Irfan Atcha Wins Top Doctor 2016 Award

Tyler Collins April 28, 2016

Dental implants and Cosmetic Dentistry is Dr. Atchaâ€™s area of expertise.

Dr. Irfan Atcha, DDS, of the New Teeth Dental practice in Chicago, recently won an award for cosmetic dentistry and dental implants.

(Newswire.net -- April 26, 2016) Chicago, Illinois --Leading implant, cosmetic and restorative dentist and Implantlogist Dr. Irfan Atcha, DDS, was recently recognized for his work with patients. He has been selected to win a Top Doctor award as Chicago's Top Implant and Cosmetic Dentist. The Top Doctor award is based on patient reviews and a thorough overview of the nominated dental practices. The coveted 2016 award is a testament to the hard work and dedication the Chicago area's most well-known dental implant specialist puts into his practice. "I am honored to be recognized for my achievements in this field," says Dr. Atcha. "I couldn't have done it without my wonderful staff and my generous patients who reviewed me for this award."

The ever-growing dental practice in Illinois and Indiana specializes in state-of-the-art dental implant procedures. As both a licensed general dental practitioner and implantolgist, Dr. Atcha is able to offer his patients some of the most comprehensive treatment plans available in the Chicago metropolitan area. From tooth restoration to zygomatic dental implants and the "all-on-4" dental implant protocol, the practice at New Teeth Dental is renowned for its ability to help patients with serious oral health issues. Among the clinic's more popular non-surgical treatments is their extensive cosmetic dentistry services, one of the fields the dentist was recognized for as a Top Doctor. Patients have a wide range of options to choose from, including tooth whitening and bleaching, veneers, reshaping and contouring procedures, and crowns. Surgical cosmetic dental procedures such as jaw bone grafting and ridge augmentation are also available to patients who may need such specialized services. Dr. Irfan Atcha is well-known for his continual quest to provide his patients with technological innovations and outstanding dental care. By seeking out training opportunities and additional post-doctoral education, he is able to stay abreast of changes in the cosmetic dental and dental implant fields. By doing this, he can give his patients the expert care they deserve. Since establishing his practice in 1996, he has performed over seven thousand dental implant surgeries and restoration in his dental clinics.
