Expert Appliance Repair are all appliance experts in Atlanta, GA

Expert Appliance Repair, a company providing expert appliance repair services in Atlanta offers savings.

(Newswire.net -- May 3, 2016) Douglasville, Georgia -- Expert Appliance Repair, a locally-owned company in Atlanta has been providing

appliance repair services since 1998. They have a skillful and experienced team of repair technicians, all appliance experts, that has been trained to get the job right the first time. They will effectively diagnose the issue, provide an upfront estimate and apply the required fix if the customer wants to proceed with the repair.

Expert Appliance Repair is offering a \$35 discount on repair services. The amount will be subtracted from the final cost of repair. The company is also offering special discounts, such as military discounts, senior discounts and service coupons.

Expert Appliance Repair (www.expertatlappliancerepair.com) provides same day services, as well as 24/7 emergency services, stating that they understand the stress that a non-functioning appliance can cause. To serve customers more quickly, they keep high quality common parts in stock. Parts that are not in stock can be quickly ordered to complete the repair as soon as possible.

Expert Appliance's repair technicians are up to date with training. They take extensive training classes in appliance repairs while networking with their partners in the local area. This year, they attended the Annual Service Training Institute (ASTI) training in Miami, Florida in February. It is the biggest appliance service training convention for technicians, business owners and managers. Among the areas it covered are service desk, basic electricity, basic refrigeration, customer reviews and service company growth, professional flat rate pricing, labor inventory management, and major brands and their appliances. ASTI's slogan "Know More, Make More" sought to encourage attendees to learn how to be more efficient with their time, more analytical with their processes, and more profitable in their bottom lines.

[Expert Appliance Repair](#) specializes in the repair of refrigerators, dishwashers, washers and dryers, ranges, ovens, stoves and many more. They can service any make, model and brand, including Frigidaire, GE, Electrolux, LG, Maytag, Samsung, Sub Zero, Viking and Whirlpool.
