(Newswire.net -- May 4, 2016) Huntington Beach, California -- In a bid to stand out from its competition in the insurance world, California's

Number 1 Insurance has made customer service a corporate priority. The insurance company, now in its 28th year of business, has developed one of the best retention rates in the insurance world, boasting a rate of 92%. This rate is dramatically higher than the average industry rate of 84%, and that helps the company continue to offer affordable insurance solutions for home, auto, and business clients. "Satisfied customers are what make any company successful," says Michael Mukaled, owner of the insurance firm. "Being able to retain those customers with great service and selection means that our company will continue to thrive in our industry." To learn more about the vast array of insurance products the company offers to its clients, visit www.number1ins.com/number1ins.com/onlinequotes.html.

The company is accredited by the Better Business Bureau with an A+ rating and with no recorded complaints in its nearly three decades of service. This is an important distinction, and it speaks to the quality of the insurance and service they provide to clients. Number 1 offers insurance products from some of the leading insurers in the business, including Hartford, Nationwide, Mercury, Safeco and many more. A wide range of coverages are available for residential protection as well as commercial operations, giving customers the choice they need to find the right policies at competitive rates. Along with its affordable car insurance solutions, the company offers DMV services to its customers in person or over the phone. These services include vehicle registrations, title transfers, and registration renewals, among many others. Providing these services helps customers save a trip to the DMV, and give the insurance company the ability to serve as a one-stop-shop when it is time to purchase and insure a new motor vehicle.

Number 1 Insurance and its team of highly-skilled insurance agents help customers find the right insurance solutions for their specific needs. The firm prides itself on offering the best rates and the coverage levels its customers need. "Other companies may offer money-saving 'promotions', but these often come at the expense of reduced or insufficient coverage," says Michael. "We are dedicated to providing the right coverage for home, auto, and business without gimmicks some of our competitors use." To learn more, visit www.number1ins.com.
