Restore Health Urgent Care donated thousands in orthopedic equipment to the student-athletes in Palm Bay, FL.

(Newswire.net -- October 28, 2016) Palm Bay, FL -- Restore Health Urgent Care Centers has provided the community of Palm Bay up to $50,000 worth of orthopedic supports for free to student-athletes. These braces keep athletes safe from the most common injury in sports medicine, an ankle sprain. With each sports physical, Restore Health conducted, a pull on ballistic nylon ankle support with a figure 8 strapping system and lace up closure was offered at no charge. A physical exam is only $10, and each ballistic nylon ankle support with figure 8 strapping system and lace up closure is valued at $150.

Ankle injuries are very common for athletes. After injuries occur, it is common for the injured area to retain instability, making it more likely a re-injury will occur. Prevention is the best form of maintaining healthy joints. While taping helps to prevent injuries and is better than nothing, taping must be done correctly. Proper taping requires training and skill. For athletic teams and organizations to use a person capable, it is costly and taping is time-consuming.

The free ankle supports are proven to be more effective than athletic taping and are used at Collegiate and Pro sports teams as well as some of the most prestigious Sports Medicine facilities in the USA. These types of products often cost hundreds of dollars yet for a limited time each patient can receive free Orthopedic products are available to help treat acute or chronic injuries related to the feet, ankles, knees, back, wrist, thumb, elbow and or shoulder with their paid exam.

Restore Health Urgent Care Centers is a walk-in medical facility that provides convenient, affordable, and quality care from as early as 8 a.m. to as late as 8 p.m. 7 days a week. If you or a loved one could benefit from a free orthopedic support please mention “sports medicine promo” or call 1.321.312.4580 to learn more.
