Ultimate Kitchen Announces the release of their product line of vacuum sealers and accessories, including a compact vacuum sealer.

([Newsire.net](#) -- December 16, 2016) Coeur d'Alene, Idaho -- Ultimate Kitchen, maker of an array of kitchen related products, has just announced the addition of vacuum sealers and vacuum sealing accessories. The line includes the new Compact Vacuum Sealer, available now on Amazon.

The new Compact Vacuum Sealer is one of three new vacuum sealing machines by Ultimate Kitchen. The company also released several sizes of vacuum sealer bags and vacuum sealed food containers. Each vacuum sealer comes with a roll of vacuum sealer bags and the tubing to use with the food container. A printed instructions manual guides customers through the use and care of the machine while also providing troubleshooting tips. The countertop sized vacuum sealer is built with moist food settings and gentle settings for delicate or wet foods.

This new line of merchandise from Ultimate Kitchen brand was released on Amazon mid-November 2016, as the company geared up for holiday shopping. The brand also introduced chef knives, kitchen faucets, and a coffee press this season as part of their 2016 expansion goal. They plan on further diversifying their product lines in the coming year.

Ultimate Kitchen has been developing kitchen products since 2014 when the brand was founded. One of the company's first product lines, built in soap dispensers, has since risen to best seller status on Amazon. "As a company, it has always been our goal to supply customers with new and innovative kitchen solutions. Our aim is to provide simplicity in daily chores and reduce waste build up in landfills," said Director of Operations Cassie Clark.

"We are confident our customers will appreciate the ability to save time when preparing meals and reduce the amount of food that is wasted," said Clark, explaining their motivations behind adding [vacuum sealers](#). Further details of the [vacuum sealing machine](#) are explained in Ultimate Kitchen's recent introductory video.

As with all Ultimate Kitchen products, the [vacuum sealers](#) are available on the company's Amazon storefront. With Amazon's growing success, more and more customers are joining the ecommerce platform. Most are also enrolling in Amazon's Prime membership program which offers free 2-day shipping for participating sellers, including Ultimate Kitchen.

Along with the included instructions manual, the brand also announced its upcoming plans to create a step-by-step guided video for each of their new vacuum sealers. The video will be released early 2017.
