**Ultimate Kitchen announced the provision of a 20% discount off their vacuum sealer with the latest vacuum seal technology.**

([Newswire.net](#) -- March 26, 2017) Coeur d'Alene, Idaho -- Vacuum sealers have changed the way food can be stored. Unlike refrigerators and other food storage equipments, vacuum sealers have taken this game to the next level by prolonging the lifespan of food. Vacuum sealers have several settings that allow the user to preserve various different types of food for longer.

“What we strive to offer at Ultimate Kitchen is nothing less than the best. We understand customers need to be treated special, as they are the core of our business. The vacuum sealer on offer is an excellent product with features that can only be found in the best vacuum sealers. We did this to attract more customers to try out the product and see how excellent it is. This offer runs up to the end of March before the product returns to its normal price. So, buy before time elapses,” said Cassie Clark, Director of Operations at Ultimate Kitchen.

The Ultimate Kitchen vacuum sealer was designed to help cooks store foods longer without spoiling as a result of moisture or other substances entering the food. The vacuum sealer is built with a powerful motor and links to vacuum sealer accessories. The sealer is gentle on delicate foods as it has a gentle setting that switches the vacuum to a lower pressure to prevent delicate food from being crushed.

Ultimate Kitchen is offering a discount of 20% off the original price. This makes it retail at \$99.99 instead of the original price of \$124.99. This sale will be through the end of March before it returns back to its usual cost. Customers can take advantage of this offer to experience this customer-oriented vacuum sealer at a lower cost.

David R. Kelly, a verified Amazon buyer, said, “I have been using this for a few weeks and it works great. I use it almost exclusively for sous vide cooking. You can store meat to cook later, then thaw and slice the bag open to add seasoning, then re-seal for the water bath. Very handy.”
