The team at DSC Laser and Skin Care place general health and wellbeing above all. They provide health and beauty tips that help their patients with things like sleep, exercise, sun protection, emotion, balanced diet and much more.

Areas of service include minimally invasive cosmetic surgery, laser treatments, fillers and injections, beauty and skin care treatments and more. Lower eye bag blepharoplasty is a specialized cosmetic procedure performed solely by Dr. Tony K. Shum who has over 30 years of hands-on experience performing these procedures.

Laser services include Pico laser, kinetic lifts, Thermage eyes, VelaShape III, Spectra VRM, acne treatment, ultherapy, Titan, eCO2 Laser, Fraxel laser resurfacing, Thermage CPT tightening, Aluma, hair removal, tattoo removal and IPL laser procedures.

Professional filler and injection services include top rated patented procedures including Kybella, Sculptra, DSC Crystal Hydro Life, Xeomin wrinkle injections, Voluma XC, Radiesse, Juvederm, Restylane, Dysport, Botox and Keloid injections.

Other beauty and skin care treatments include body treatments, CoolSculpting, moisturizing, sensitive skin treatments, whitening and rejuvenation, acne skin care, microdermabrasions and facials.

The clinic has received many accolades for their work including this online review reading, "I love this place. If you've had problem skin all your life, you have to have realistic expectations. My skin will never be HD-pretty or porcelain-pretty, but it's improved. What's really nice about this place is the way they treat their clients."

The company's main mission is to continue to be a center of excellence in cosmetic surgery, dermatology and anti-aging research. The team is made up of professionals who are dedicated to client satisfaction.
